Activity title	App of the school	
Activity length	12- 14 sessions	
Class organisation	In pairs	Design and development
Material to be used	Mobile phone and laptop	

Rules:
Design an android app of our school (in Euskera and Spanish), which will include the following issues: _ a main screen with buttons to access to five other screens: Etapas/Etapak, Servicios/Zerbitzuak, Fotos de grupo/Taldeen argazkiak, Actos principals/Ekintza nagusiak, Webs relacionadas/Web orriak. _ Screen "Etapas/Etapak": will contain four other buttons that will give access to other screens with pictures and a brief explanation of 0-2 years, Enfant, Primary and Secondary. _ Screen "Servicios/Zerbitzuak": will contain five other buttons that will give access to other screens with pictures and brief explanations of Atención médica, guardería, instalaciones, transporte and actividades extraescolares. _ Screen "Fotos de grupo/Taldeen argazkiak": will contain all the group pictures of the school. _ Screen "Actos principals/Ekintza nagusiak": will contain a brief description and pictures of "Euskararen Eguna", "Bakearen Eguna"… the descriptions should be accompanied by videos of the activities, which are available in the youtube channel of the school. _ Screen "Webs relacionadas/Web orriak": will contain buttons with access to the website of the school, blogs… The app should be the most attractive as possible. These are the minimum requirements to consider, but any other extras will be welcome and considered for the mark. Some information and pictures could be taken from http://www.bilbao.jesus-maria.net/. The app should be uploaded to google classroom to the task assigned for that before 24th January, 2017.
